EzRay

STANDARD INTRAORAL X-RAY

- Smart angulations for optimal results
- Intuitive & convenient operating panel
- One dial for all function
- Compact and lightweight components
- Ergonomic and compact design

Tube Head **2.4 kg**

Ergonomic and compact design

Take control of EzRay with Easy Grip Handle. Once you set up the positioning of unit, the head doesn't drop down and move to odd direction. EzRay requires less space than a typical X-ray unit. The compact design of EzRay helps to use your X-room efficiently.

Produce reliable and stable image quality

The modern DC technology of EzRay provides a high repeat accuracy of the X-ray dose, thus ensuring reliable image quality.
